# Securing Remote Operations For The Beauty And Wellness Industry

# Securing Remote Access And Optimizing Performance For A Leading Wellness Brand

## CUSTOMER OVERVIEW

Provides wellness, skin therapies, and personal care services across major cities of India.

## PROBLEM STATEMENT

The client encountered challenges in managing and securing their IT infrastructure:

- Need to restrict user actions and perform device-based authentication.
- Difficulty ensuring application access on different platforms at remote locations.
- Want to ensure consistent and fast application performance at different bandwidths.

## REQUIREMENT

The client needed a secure solution that could deliver consistent performance and support app access on multiple browsers and platforms.

## ACCOPS SOLUTION

- HyWorks for end-user computing virtualization.
- HySecure gateway for zero-trust application access.

## BENEFITS REALIZED

- **Instant remote access:** Secure access to business apps from anywhere, anytime, via any network.
- **Strong security:** No data trace left on endpoints, ensuring complete security of sensitive data.
- **Quick rollout:** Hassle-free rollout of new apps and easier access management for IT teams.
- **Secure CRM access:** Limited Dynamics 365 access to managed devices only.
- **Consistent experience:** Increased productivity with optimal bandwidth usage.
- **Reduced TCO:** Centralized management and standardization lowered the TCO.
