Optimizing Manufacturing Processes Through Enhanced IT Solutions

Streamlining VDI And Reducing IT Costs For Improved Manufacturing Operations

CUSTOMER OVERVIEW

Household name in electrical equipment, specializing in electrical solutions, including wires, cables, and fast-moving electrical goods.

PROBLEM STATEMENT

The client struggled to effectively maintain their IT infrastructure and deliver optimal user experience:

- Dependency on multiple vendors for VDI deployment.
- Legacy infrastructure led to high maintenance costs.
- Suboptimal end-user experiences due to a complex technology stack.
- High IT overheads for support and management.

REQUIREMENT

The client wanted to simplify their VDI deployment in order to lower operational costs and improve the end-user experience.

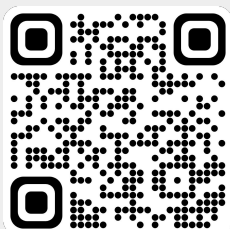

ACCOPS SOLUTION

- HyWorks to simplify the end-user computing stack.
- HyDesk for hybrid, green endpoint devices.

BENEFITS REALIZED

- **Simplified VDI stack:** Consolidated VDI stack and better endpoint control.
- **Enhanced user experience:** Faster support resolution and consistent end-user experience.
- **Reduced costs:** Lower TCO compared to previous solution, and optimized operational expenses.
- **Improved security:** Better security with no data trails left on user endpoints.
- **Consistent access:** Secure access to key apps anytime, anywhere, and from any device.
- **Reduced management overheads:** Faster and streamlined desktop administration.

Optimizing Shop Floor Operations: Accops' Impact On A Leading Textile Manufacturer

CUSTOMER OVERVIEW

A global textile leader producing viscose staple fiber and the largest producer of spun-dyed specialty fiber.

PROBLEM STATEMENT

The client's shop floor operations were impacted by high device failure rates and inefficient endpoint management:

- Frequent PC breakdowns due to harsh environmental conditions.
- Legacy hardware required frequent replacement, increasing operational costs.
- High IT overheads due to manual endpoint maintenance.

REQUIREMENT

The client needed durable endpoints and wanted to streamline IT management on the shop floor.

ACCOPS SOLUTION

- HyWorks for EUC virtualization.
- HyDesk for rugged thin clients.

BENEFITS REALIZED

- **Enhanced productivity:** Reduced downtime with reliable, rugged thin clients optimized for the shop floor environment.
- **Streamlined IT operations:** Centralized administration enabled remote OS updates, installations, and quick troubleshooting.
- **Lower operational costs:** Extended hardware lifecycle and 70% lower power consumption with thin clients.
- **Improved user experience:** Faster support resolution and quick data recovery minimized disruption to shop floor activities.
- **Reduced TCO:** Lower hardware failure rates and centralized IT management kept overall expenses down.
